

You are invited to a Virtual CReSS Workshop!

Corrective and Preventive Action (CAPA): What is it and when to use it

Tuesday, August 4, 2020; 3:00 pm – 4:30 pm

(Registration required: https://training.vcu.edu/course_detail.asp?ID=17613)

Zoom information and materials will be provided following registration; limit of 40

Wednesday, August 5, 2020; 9:00 am – 10:30 am

(Registration required: https://training.vcu.edu/course_detail.asp?ID=17614)

Zoom information and materials will be provided following registration; limit of 40

Presenter: Terry Smolenski, CCRC
Director, Regulatory Affairs and Compliance
VCU Massey Cancer Center

Target audience: clinical research professionals including coordinators, regulatory specialists, research administrators, research nurses, and principal investigators

Learning objectives: After completing this workshop, the learner will be able to:

1. Describe CAPA and associated elements
2. Understand how a CAPA is used for continuous improvement
3. Application of CAPA through case studies

Register NOW: training.vcu.edu (sponsor: clinical and translational research), space is limited (40 registrants per session), so please register early. Zoom information and materials will be provided following registration.

A Certificate of Attendance will be provided for continuing education hour documentation following completion of the workshop evaluation.

*This workshop is part of the **Clinical Research Skills Series (CReSS)**, coordinated by The Wright Center for Clinical and Translational Research. The purpose of CReSS is to provide the clinical research professional with skills and knowledge for the conduct of clinical research according to best practices.*

Thank you to Massey Cancer Center and the School of Medicine for their contributions to CReSS.
